

UNIVERSITY OF CRAIOVA
FACULTY OF LETTERS
ROMANIAN SOCIETY FOR CLASSICAL STUDIES - CRAIOVA BRANCH

Invite you to participate to

THE WORKSHOP

HIPPIKA- THE HORSE IN THE HISTORY OF MAN

Craiova, December 6th 2013

At the

THE 6th Edition of THE INTERNATIONAL COLLOQUIUM "THE RECEPTION OF THE GRECO-ROMAN ANTIQUITY IN THE EUROPEAN CULTURES"

Casa Universitarilor, Calea Unirii, nr. 57

We propose to those attending a very interesting topic with such an abundance of implications that any attempt at summing up all the fields of manifestation put forward would prove incomplete. In addition the extent and depth of each area are in effect unlimited, given the possibilities they open to a multi- and interdisciplinary approach, in a comparative perspective.

We mention that, although organized by the Romanian Society for Classical Studies, the seminar covers not only the Greco-Roman Antiquity and its heritage in the European cultures, but also includes the most diverse historical and cultural periods in any geographical area.

The ultimate ambition of this workshop is to bring out a volume including the whole array of the articles presented, in an effort to achieve an image of this noble creature in all its complexity.

The areas we suggest are rather indicative and not restrictive, each participant having the freedom to approach the topic in his field of interest:

Mythology	Literature
Religion	Linguistics
Cultural Anthropology	Visual Arts
Imagology and mentalities	Equestrian sports
Folklore, Ethnology
