Due to the uncertain conditions generated by the impact of Covid-19, the Conference will be organized mainly in the online environment.

We offer virtual presentation opportunities in order to avoid the participants' travel restrictions.

Virtual presenters are still required to submit the abstract to the term provided on the conference website. If the abstracts of the applicants have been accepted by reviewers and they have registered for the conference, then they can participate and share their work virtually with the other participants.

The peer-reviewed abstracts of all accepted presentations will be published in the conference abstracts book.

The peer-reviewed and accepted full papers that have been presented at the conference will be submitted for publication in one of the following journals:

- ITM Web of Conferences,

- Annals of the University of Craiova - Mathematics and Computer Science Series, or

- BSG Proceedings series.

For other details including the deadlines, please check the website of the conference.
